

All about our programs

Whether you need a trumpet, horn, guitar, set of drums, or anything in between, we specialize in all things music. Our dedicated instructional staff, with over 50 years of teaching experience, has a wide range of offerings. Our teachers will help you advance at your own pace while challenging you to want to better yourself each week. Lesson rates vary per instructor. Also, our instrument rental program is unbeatable, in both price and instrument quality!

Rental Information

NEVER A BETTER TIME THAN NOW!

Overview

Our instrumental rental programs are fantastic. With rent-to-rent and rent-to-own options, early payoff incentives, and equity trade-in value, it's never been a better time to learn or continue your journey in music.

We offer a 10-month rent-to-rent program, perfect for the school year. We work with local band directors to ensure your instrument is in top playing condition at all times.

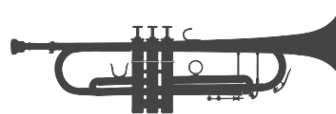

Our rent-to-own program can be spaced out over 12, 24, or 36 months, perfect for any budget. Any equity accrued during that time can be used towards the purchase of a step-up instrument!

About Eastman Instruments

"Our traditional approach in our workshops ensures players will receive an instrument of the highest quality regardless of level. Employing the same methods used in workshops over 100 years ago, each instrument resonates with a voice only achieved by these techniques. From the first student instrument to the professional heirloom, Eastman Music Company is committed to crafting the finest instruments for musicians throughout the world."
